

Eden

Verse

Am

Go to the sanctum to find the spider

Am

when venom hits blood, truth be told

Am

lies and deceit can lose a kingdom

Am

honesty value is more than gold

Am7

Old walls sweat with damp and water

Am7

weapons hit walls and noise rings out

Am7

hear the words of the coming ritual

Am7

no-one to hear you if you shout

Chorus

Am

she's coming, she's coming

Am

crawling towards you

Am

sweet little innocent

Am

will make you dream

Am7

nothing to fear

Am7

for pure of heart

Am7

if this is not you

Am7

start to scream

bring forth the chosen, silks and satin

an honour for life, truth be told

lies and deceit will stop the breathing

honesty value is more than gold

Old walls stories, carry through ages

no-one ever walked back out to the sun

hundred times stared, hundred times

waiting,

will it be her, is she the one

She's coming, she's coming

crawling towards you

sweet little innocent

will make you dream

nothing to fear

for pure of heart

if this is not you

start to scream

Prophecy a blessing prophecy a burden

proof has a voice much louder than faith

'Live in hope, she will deliver us'

if this is true, why make us wait

Old walls witness a hundred certain

each with plans of what should be done

rejecting the offer in the kiss of the spider

a human honesty and path to the sun

She's coming, she's coming

crawling towards you

sweet little innocent

shares your dream

heaven on earth

here in humanity

our Garden of Eden

here to be seen

She's coming, she's coming

crawling towards you

sweet little innocent

shares your dream

heaven on earth

here in humanity

our Garden of Eden

here to be seen
