

Wishing Tree

Chorus

G C D G
Wishing Tree, The Wishing Tree
G Dm7 D G
where four women swore honesty
G C G
Hands together held to the sky
G Dm7 C G
wishing others did not lie

Verse

G C G
Don't tell me I won't understand
G C D G
complications of your feelings
G C D G
to get some-thing you cannot have
G D G C G
is quite clear your real meaning
D
twist and turn to hide the truth
C D C D
will come and bite you by and by
G D G
as everybody comes to know that
G C D G
what you say is just a lie

Chorus

Don't tell me it was done for me
my needs being so clear from outside
the hollow passion in your voice
embarrassment replacing your pride
if you could not convince yourself
how could ever convince me
your words laid bare, theres nothing there
a clear untruth for all to see

Chorus

Don't claim you wished to spare my hurt
a choice that is not yours to make
you deal your view into two hands
which to ignore and which to take

you offer full house aces high
low scoring views aside you leave
cards with views that would oppose you
clearly seen cheat hidden up your
sleeve

Chorus

Don't say that I did not ask you
I cannot ask what I don't know
It's not a game of hide and seek
that when I catch, some more you show
the rules are plain I will explain
like pregnancy you are or not
if any part is not the truth
a liar lying is what we've got

Chorus

Cheating, lying, falsehoods and hoax
Perjure, mis-state, dupe and forswear
beguile, misguide, to trick and scam
deceive, hoodwink, and just not care
so much to learn in a liar's art
a complex web to put into use
so honesty really is not so hard
as it is the only word for the truth
