A            D            A  
kindred, no forgiveness to seek  
A

                                 D  
that we spent together  
A  
You shone like the light through  
A  
the bubbles in the creek

Verse

A  
My people told me  
A   D    A  
that I never should  
A  
Mix with the people  
          D                    A  
who came from the wood  
A  
No reason was given  
A                            D  
For what they were saying  
A  
Except for repeating  
A  
What was said yesterday

Chorus

Your people told you  
that you should not be  
Stood with the people  
who lived by the sea  
No reason was given  
For what they were saying  
Except for repeating  
What was said yesterday

Chorus

We made a pact to  
woods and sea we went  
Friendship and laughter  
Moments heaven sent  
Memories now give me  
Those most precious times  
Together we created  
By a pact to cross lines
