

Wind Blowin' Through

G
There's an old cabin
Csus2 G D G
deep in the hollow
G
back of the trees
Csus D G G
past the dirt lane
G
I still see you stood there
G C G C G
breathless at your beauty
G
its gone back to nature
D G
but I still feel the same
G C G
wind it just keeps blowin' through
G C G
wind it just keeps blowin' through
G
I froze at that moment
G D G
not knowing what to do

I worked the animals
our family tended
hours outside
in nature's calm
I gave up my time off
to meet you each Friday
getting flour for the bakery
on your family farm
wind it just keeps blowin' through
wind it Just keeps blowin' through
you smiled as we talked
drinking root beer brew

Money and hardship
reasons for leaving
last time I saw you
you said not to go
talked hours in the cottage
on side of your farmhouse
you held me and kissed me
your tears in full flow
wind it just keeps blowin' through
wind it Just keeps blowin' through
left feeling so helpless
it broke me in two

Workin' and driftin'
saw me keep movin'
not always proud of
the way I behaved
a drunk once came at me
on day in a bar room
a woman stepped between us
and I knew I'd been saved
wind it just keeps blowin' through
wind it Just keeps blowin' through
I didn't see her face but
I'd swear it was you

Time has its healing
wind she keeps blowin'
keep warm from the drafts
through love of my friends
I'm not one for writing
but put pen to paper
like me your alone now
let's choose our story's end
wind it just keeps blowin' through
wind it Just keeps blowin' through
now matter how I travelled
my heart stayed home with you
